

Aquila 270

\$791,600

849m²

Gemini homes house design Aquila 270 is a brand new home design. The very first of the Aquila series. This is a stunning home design with 4 bedrooms, two bathrooms and two living area's. There is plenty of room for families. Designed with the growing families in mind.

We have even added a kids lounge with study desk, for all the school assessments! The main bedroom is situated away from the kids rooms giving the parents their own little oasis. With a walk in robe and stunning ensuite. Keeping up with modern design the shower is a glass free walk in shower, also featuring his & her's basins.

Another great feature of the Aquila house design is the rear door entry from the garage. This entry comes in through the walk in pantry which also leads off the laundry. A great altogether home service area. We have kept Queensland living in mind when designing this home, due to the open plan kitchen and living areas. Which flow out onto the alfresco area, great for those entertaining nights.
